

Experity Ventures ranks # 653 on Inc. Magazine's 2021 Inc. 5000 list, with three-year revenue growth of 742 Percent

NEW YORK, August 18, 2021 – *Inc.* magazine today announced that Experity Ventures, LLC is No. 653 on its annual Inc. 5000 list, the most authoritative ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the *Inc.* 5000.

Joseph Greco, Founder and Chairman, commented, "We are excited and honored to be recognized as part of this prestigious list and to be ranked within the top 15% of companies on the 2021 *Inc.* 5000. Our growth rate is the culmination of a focused and creative vision and outstanding execution from our dedicated and talented team. We are really just getting started and have our sights on continuing our impressive growth and innovation initiatives".

"The entire Experity Ventures team continues to drive outstanding results with a disciplined, risk managed approach to our growing position in the uncorrelated, alternative asset space. I am particularly proud of the challenges that we have been able to overcome and continue our growth amid the economic challenges of a global pandemic. We look forward to continuing this trajectory alongside our valued partners as the Experity story continues to unfold" said Ryan Silverman, CEO.

Not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved especially resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, those companies added more than 610,000 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000. The top 500 companies are featured in the September issue of *Inc.*, which will be available on newsstands on August 20.

"The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled," says Scott Omelianuk, editor-in-chief of Inc. "Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in

the crisis we've lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people.”

Methodology

Companies on the 2021 Inc. 5000 are ranked according to percentage revenue growth from 2017 to 2020. To qualify, companies must have been founded and generating revenue by March 31, 2017. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2020. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2017 is \$100,000; the minimum for 2020 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to three decimal places. There was one tie on this year's Inc. 5000. Companies on the Inc. 500 are featured in Inc.'s September issue.
