

## Experity Ventures Completes \$51.1 Million Asset Backed Securitization Transaction

Tech-driven alternative asset platform completes another institutional securitization round

**PRESS RELEASE** – Conshohocken PA, August 2, 2021 / PR Newswire-

Experity Ventures (EV) announced today that it has closed on a securitization of \$51.1 million of fixed rate, asset backed notes through a private syndication of institutional investors. The notes are collateralized primarily by litigation finance and medical receivable assets originated by Experity related business units and platforms.

Joseph Greco, Experity Ventures Founder and Chairman, commented, “The successful closing of this follow-on securitization continues to validate our position as a leading platform that provides continued, high-quality asset flow to the capital markets for our alternative assets in the tort and litigation related finance spaces”.

Ryan Silverman, Experity CEO added, “As part of executing our long-term business plan, we are excited to build on our strategy of optimizing the financing of the growth of our business and origination funding units, while receiving the strong endorsements of institutional investors through their continued participation in our securitization transactions. We are also proud of the focus and performance that the Experity team continues to deliver on a daily basis”.
